GOOD MORNING.....

For most nurserymen, business activity this Fall has been entirely to expectancies. We trust that same good fortune prevailed for you. To the extent that you will permit us to be your reliable source, we pledge to ship only fully-graded, top-quality nursery material. Your own progressive and profitable operation is of genuine concern to us, inasmuch as we do well only as YOU and our numerous customers do well.

The November availability lists nursery plants, in wide variety, that are now being offered for Fall shipment and Spring bookings. On more popular varieties and sizes, we expect shortly the need to post the 'sold out' sign. May we urge promptness in reviewing these availabilities against your requirements. Action avoids disappointment!

We invite particular review of the BALLED AND BURLAPPED offerings. Several specific varieties are most interestingly priced, admittedly to encourage volume movement. Our suggestion... look them over, but GOOD!

Hill's recent ads in AMERICAN NURSERYMAN have been admittedly promotional on lining-out stock. These 'introductory offers' have been responsible for a gratifying, incoming flow of orders from nurserymen convinced that good material from a reputable supplier, means considerably more than the guy with the cheapest price! We want no claim to fame on that latter characterization!

Perhaps our INTRODUCTORY propositions have similar get-acquainted appeal to you, and make it worthwhile and interesting to try Hill's lining-out plants. The real test is the grow-on rate, and Hill's lining out material has for so many, many years proved profitable to many, many nurserymen.

We will try to please, and serve you well, too!

NOTE:**

This listing of plant material doubles in purpose, as it is likewise a convenient, ready-made order form to enable selection of your requirements. No need for any other "paperwork". Indicate shipment date desired etc., and use the PREPAID postage fold-over arrangement. All orders will be promptly acknowledged.

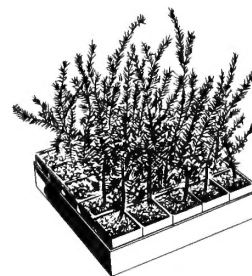

Orders are accepted with the understanding that D. Hill Nursery Company's TERMS OF SALE customarily published will apply. Prices are F.O.B. Dundee, unless stated otherwise.

OPEN ACCOUNT terms are 2% - 10 days, NET 30 days, to accounts with approved credit. C.O.D. orders should be accompanied by one-third interim payment. Requests for adjustments and other claims must be made within 20 days after receipt of goods. 4 REASONS WHY YOU PROFIT MORE WHEN YOU PLANT HILL'S HEAVY EVERGREEN BED LINERS

1 YOU PROFIT BECAUSE HILL'S USES ONLY SELECTED CUTTINGS FROM THE FINEST STOCK PLANTS

From cutting, through culture, no effort or growing expense is spared in making Hill's heavy bed liners the finest obtainable. Varieties and strains within varieties are rigorously selected to fulfill every type of nursery and landscaping requirement.

2 YOU PROFIT FROM HILL'S SCIENTIFIC CULTURE AND FERTILIZATION METHODS

Hill's continuous research has evolved better techniques for growing bed liners with strong, vigorous root systems. Skilled nursery technicians give daily and even hourly care to the many thousands of lining-out plants. Scientific fertilization insures hardy, uniform growth.

3 YOU PROFIT FROM HILL'S FREQUENT TRIMMING AND CULTIVATION PROGRAM

Hill's heavy bed liners are trimmed early and often to speed development . . . provide well-formed, well-finished plants. This trimming, combined with a program of continuous cultivation, produces bed liners of finest quality. Masses of new buds foretell the favorable, husky development of each bedliner.

4 YOU PROFIT FROM HILL'S CAREFUL GRADING, PACKING, AND SHIPPING METHODS

The heavy bed liners shipped from Hill's are always select, quality plants . . . carefully sphagnum moss packed so shipments arrive in prime condition. They stand up better under the rigors of transplanting, or varying soil conditions . . . assure you fewer skips and culls . . . more "growing" profits.
